Disznókő Tokaji Late Harvest, 2021

Tokaj, Tokaj, Hungary

THE VINTAGE

WEATHER CONDITIONS

Great vintage for liquoreux wines. The budbreak, flowering and ripening were later than usual. After an extremely hot and dry June and July, August and September were cool helping to preserve a lot of acidity in the grapes. The botrytis arrived relatively late and developed slowly but steadily in a very noble way resulting in healthy, rich grapes with good acidity.

HARVEST

Careful selection of entirely botrytised clusters or part of clusters from the best sites of Disznókő vineyard on the 22nd of October and the 23rd of November.

WINEMAKING

Most of the grapes were full bunch pressed without destemming. Fermentation took place in stainless steel vats.

THE WINE

BLEND

100% Furmint

AGEING

The different batches were aged for about 8 months in oak barrels of two-three wines in the traditional underground cellars of Tokaj. After blending, the wine was kept in stainless steel vats until bottling in May 2024.

TASTING

Light golden robe. Fresh fruity nose with pear, greengage, pineapple and citrus aromas. The palate is fresh and juicy, medium bodied with great acidity and a hint of elegant bitterness.
